Opportunity for Focus Group Meeting

FOCUS GROUP MEETING

A Focus Group Meeting gives companies a unique chance to ask international experts and Key Opinion Leaders their opinion in a closed forum and is interesting for companies, which:

- are about to launch a new product
- are new to the European market and need feedback on their existing products
- would like to establish contact to Key Opinion Leaders
- are interested in feedback on products, clinical studies, or new ideas

A Focus Group Meeting has the advantage that you do not need to fly in and accommodate a group of people, as all Key Opinion Leaders are already present at the conference. This makes the focus group a cost-effective tool to get feedback and promote your product towards Key Opinion Leaders.

Expect about 7-8 KOL's to attend the Focus Group Meeting that will last up to 1,5 hours during the conference, typically in connection with a lunch break. The Focus Group Meeting will be arranged in co-operation with the conference organiser in terms of invitations and selections of people.

Room rental, standard AV-equipment, and catering are included the fee.

Focus Group Meeting costs 10,000 €

The exhibition area at the conference venue

All catering and the welcome reception will take place in the exhibition area located on ground floor to ensure a good flow. The exhibition area has natural daylight and high ceiling.
